Where we are going has been influenced by where we've been. We have taken the many different steps of work, classes, friendships, successes, and failures together. And little by little, we've gained memories, achieved goals, and grown closer to our God.

WHERE ARE YOUR STEPS TAKING YOU?

Recently my high school classmates and I celebrated our twentieth reunion. At first I thought a recount was necessary! It could not have possibly been twenty years since we walked down the aisle to receive our diplomas! Where have two decades gone—and more importantly where has this year gone?

I understand more clearly, just as our seniors are beginning to see, that time does slip by. SOA graduates returning for reunions are equally shocked that they have been gone so long in what seems so short a time. How do we get from here to "there", and what is the meaning of all this?

Life's moments are stepping-stones from one experience to the next. We have each experienced the joy of stepping on those flat and steady stones. Admittedly, we have also taken our share of falls from the slippery stones along our path. Consistently during these past twenty years, I have seen God's steadying hand reach out many times to prevent or lessen the pain of a nasty fall. God is doing the same in the lives of our students today. He cares about the joy in our journey, and is committed to our progress.

This year has been an outstanding journey along the stepping-stones of life. The best news is that this is just the beginning of an eternal trail. I challenge myself, our staff and students to stay on this trail. It is not an easy one, but that is what makes it worthwhile.

Mark Wile, Principal

Thank you for stepping into our

lives...

Forest Eugene Sigler, "Gene", was born March 9, 1947, in Noblesville, Indiana to Lowell and Beulah Sigler. During his high school years, Gene attended, and graduated from, Indiana Academy, class of 1965. He was the Student Association President during his senior year and was also very active in sports such as softball, basketball, football, and he was a member of the weightlifting team.

After academy, Gene attended Andrews University. He was drafted by the Army his junior year and was stationed in Seoul, Korea, from 1969 to 1971.

Gene has served as the Dean of Boys at Campion Academy, Highland Academy, Georgia-Cumberland Academy, and Shenandoah Valley Academy, all of which totals more than 18 years of service.

In 1993, Gene married Karen VanSant Townsend from Rockville, Maryland. The are living happily ever after in their apartment at Price Hall.

We dedicate this yearbook to you, Mr. Sigler, because of your dedication and love. You have been an inspiration, not only to the boys of Price Hall, but to the entire student body of SVA. Your bright smile and warm words help us all to know how much you care. For those of us who are far from home, you help to bring the warmth of home to us. You are a great leader and mentor and you are very loved by all at SVA. You know when and how to correct us, but your guidance is well appreciated. Your patience is infinite and your love for God shines through all that you do. Thank you for everything.

With much love and respect, The Students of SVA

STEPPING IN THE DOOR

At registration we stepped back into the halls of SVA and were greeted with smiles and hugs from friends and faculty. For those of us who were new, it was almost overwhelming but we stepped up to the task and welcomed the challenge.

A great start to creating friendship bonds that will bring us all a step closer to each other. Handshake is a tradition that starts the year off with a bang.

On your mark, get set, GO!

Once again the Juniors triumphed, but the Seniors had them a little worried!

Student Association Barn Party

The Corn Maze at the covered bridge was the site of this year's barn party. Students and staff arrived in costumes ranging from the unique to the unbelievable. A pie eating contest, pumpkin carving contest, Jeopardy, and hoedown music set the stage for the festivities. Congratulations to Jay Kim, the winner of the pie eating contest. The evening ended with hay rides and a walk through the maze. Congrats to those who successfully completed the maze! Thanks S.A. for a great evening!

MERRY CHRISTMAS TO ALL!

Saturday night, December 8, 2001, SVA's campus was buzzing with visitors. Underprivileged families from the area came to experience the Christmas they don't usually have. This wasn't only about the presents though. It was about helping to bring some cheer to someone's life. The evening was filled with laughter and cheer and everyone left with a smile on their face.

Becca helped get everyone involved in song service.

Ben read scripture during the SVA-led worship.

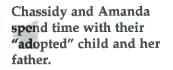

ADOPT - A - CHILD

The true spirit of Christmas in action. Everyone stepped up to the challenge to help give each one of these children a very merry Christmas.

Say Cheese!

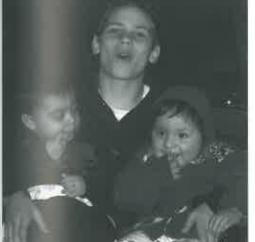

Looks like Katie chose the perfect gift.

With great expectation, SVA's student leaders met for three days with other student leaders from the Columbia Union at Mt. Aetna Camp in Hagerstown, Maryland. During that time, our student leaders were able to share ideas and learn from other schools what programs worked for them. The theme of the meetings centered on getting to know God better in order to be more effective Christ-centered leaders. This was done so effectively by the keynote speaker, Pastor Ken Rogers, of Southern Adventist University. Our team of leaders left Leadership Conference ready to plan a great year, and what a great job they did!

The evening began as the guys hurriedly walked across campus through a wet, chilly drizzle. In the girls' dorm, they picked up their dates, many of which were in festive red dresses. The well-dressed couples nervously and excitedly exchanged various gifts such as

We've reached our Senior year and everything is coming to a close. Some of us have been together for 11 years, some for four, and some for only one, but we have all bonded. You may think we're all so very diverse but that is not so. We're all linked together in one way or another. We've stepped in and out of these doors so many times. We've stepped together toward many goals and met many challeges along the way, but in the end, we're still together, we're still friends. The pictures lining the bottoms of these past few pages serve as a reminder to ue that we all belong together and, tried and true, we will always be the class of 2002.

Senior Recognition

Pastor Joey challenged the Seniors to "lift their lid", and they took the challenge wholeheartedly.

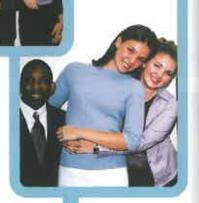

The Beginning

Senior Recognition is the irst time the senior class is formally presented to family and friends. This ceremony marks the first step towards graduation as the class is challenged to become campus leaders as they experience their senior year.

Counter-clockwise from top: (1) Jessle, Teri, & Desmond take a moment to pose for a picture.

(2) Vanessa, Eliana, Sunny, Ben, & Sarah get ready to march into the church. (3) Whenever Paul is around, there's always a smiling

Clockwise from top: (1) Jay & Andrew play if cool while the girls flash their bright smiles. (2) Michelle, Djamlla, & You Sun are pretty in purple. (3) As always, Becca performed with such grace

Senior Benefit! Extravaganza

Mrs. Griffin and Pastor Joey once again proved to be true "masters of ceremony".

Kimberly, Krista & Shannon got in touch with their masculine side and had a good time doing it!

Mrs. Lizarraga shares her unique talents with the audience.

Laci and her mom revive the lost art of vodeling.

Shellie & Karla P. serenaded "their guy."

VISITORS FROM AFAR

Shenandoah Valley Academy's exchange program was scheduled to begin Sept 17, just 5 days after the terrifying events of Sept 11. Airline tickets, passports, and other travel documents had already been packaged together and were waiting to be distributed; some students had already begun to pack for their trip.

However, the events of Tuesday, Sept 11, altered our plans for the exchange program. All travel was put on hold until the airports re-opened, the flights and security issues were managed, and counsel was sought to ensure the safety for both our students to travel abroad and the safety of the visiting students to travel and visit the USA. After many phone calls, faxes, and e-mail, it was determined that the SVA students would not be traveling abroad this year, but since the two students from Australia were in flight on the morning of Sept 11 and had been allowed to land in California due to low fuelage, we would go ahead and host any students who wished to visit. Six students chose to participate in the exchange program and arrived safely from their various countries.

SVA hosted students this year from Sweden, Australia, and Finland. Their visit included class attendance, sightseeing trips to Monticello, The Natural Bridge, a trip to the DC Monuments and museums, hiking in West Virginia, and of course, a visit to the US would not be complete without a couple of shopping trips!

They all expressed their sympathy for the US and the terrible tragedy, but were glad they got to come and had a great time.

NEW ENGLAND BAND TRIP

"The entire trip was a great experience!" On January 28 through February 3, the concert band, brass quintet, and woodwind quintet enjoyed a tour through New England. The tour started with two days of skiing at Loon Mountain in northern New Hampshire. It was a beautiful location, and the several inches of snow that fell our second day there created wonderful skiing conditions. Friday included two concerts and a couple of hours in downtown Boston. Sabbath the band played two more concerts and then enjoyed listening to a concert by the Boston Symphony Orchestra. The entire trip was a great experience!

MISSION TRIP TO ARIZONA

SUA -- Students with Dision and Action

The Mission Trip this year was just what SUA's motto is -- Students with Dision and Action. We definitely had some action!

We went to a self-supporting SDA, all boarding, Indian School in Holbrook, Arizona. The Native American students ranged from little 3rd graders all the way up to 12th graders.

Our days were filled with fun times of cement pouring, drilling, hammering, welding, painting, shoveling, digging, reading to the little kids, singing, and praying. We did an exceptional job of finishing 14 projects around the school, but, most importantly we made a spiritual

Not everyone realizes the time and effort put into our musical program, but there certainly is more to it than just showing up to the concerts. The members of our musical groups spend not only class time, but much of their own free time practicing and touring with their groups.

BOYS' SOCCER

TO THE TEAM:

What a great volleyball season. Okay, maybe we didn't have the best record, but we This year the soccer season was pretty good. Even though our record wasn't as hoped, and there were no disappointments. We had 6 new faces on the team which meant we had to work extra hard so we could learn to work as a team. We had practices everyday during 12th period and boy did we work hard and never slack--right! From the serving on the game. Hopefully for those who will be on the team next year, it will be an even contests to king of the hill to back rubs with the volleyball, practices were fun. When it got down to the nitty-gritty of playing other schools, we had some of the highest records in the past 6 years. Our serving rocked! "Goooo Ace!" is what we cheered often. Our over all serving record was over 90%. We also had some of the highest hitting records. Coach Beebe challenged us because everytime we did something good, he would award us with a little volleyball bead. The more you had, the better it looked, so everyone always wanted more. But all together, volleyball was about having fun and making lots of memories: singing in the van "cuz your everywhere to me," Chinese fire drills, lost knee pad, Dunkin Donuts, and May's National Anthem.

sure had lots of fun. From day one we started with our full team--no cuts were made most of us still gained a lot of skill and encouragement. As usual, the away games were fun to go on because we got leave early and get out of classes.

It was great to have Dr. Davis coaching us again. He really knows to educate people better year. For those of us seniors that will be graduating, Dr. Davis and the soccer team will be greatly missed. It was a great year thanks to Dr. Davis, Mr. Smith, Josh Jetter, and the rest of the team.

To Our Former Lego Maniac:

From the moment you could manipulate things, you've always been fascinated with how something works. Your dad could always count on you to be in the thick of it when he started a project. We've watched as your ability to design and make things has grown--from your first Duplo creation to your building and welding proficiencies now. And even though we've teased you about being our own Tim Allen, we are extremely proud of your talents.

You are ready now to continue to the next stage in your life. You have a solid foundation to build on, and if you will let the Lord use those abilities, you will have a happy and prosperous life.

We love you, William, Mom & Dad

Your whole life is ahead of you to make of it what you choose. We pray that you will always put God first in your plans; He will never let you down. He is always there for you, and so are we. Always.
