FAVORITE SUBJECTS FOR THE SUMMER VACATION

"I save my favorite subjects for the summer," said a wide-awake student the other day. "Then I can pursue them at my leisure under the guidance of the Home Study Institute, and return to college in the fall with extra credits that are very useful. I couldn't enjoy the vacation without some study to occupy my leisure minutes."

The Home Study Institute offers a full line of college and academic studies. Its work is accredited in all our own educational institutions and in many others where its high character is known. Payment can be made on the instalment plan. Tell us of your needs at once and let us help you get started. The enrollment sent in to us before you leave college, or immediately after you reach home, will insure your receiving the lessons and textbooks in time to start your vacation right.
