## SUMMER MORNINGS WITH SOMETHING PLEASANT TO READ

"Last summer I had more fun than usually. Besides all the usual good times with my friends, I spent an hour or two in the morning reading the very interesting books that make up the Home Study course in \_\_\_\_\_. Then on rainy days I would write out one or two of the test papers. By September I had finished the course, and had some substantial credits to take with me to college."

The Home Study Institute offers a full line of college and academic studies. Its work is accredited in all our own educational institutions and in many others where its high character is known. Payment can be made on the installment plan. Tell us of your needs at once and let us help you get started. The enrollment sent in to us before you leave college, or immediately after you reach home, will insure your receiving the lessons and textbooks in time to start your vacation right.

## Whose Dad Doesn't Have a Bank Account

With a little intensive work this summer you can earn your entire tuition for next year through the sale of our publications. Others are doing it—so can you. Write at once to your Conference Field Missionary Secretary for territory for next vacation. He will help you choose your book and will furnish you with a prepared sales talk to study at leisure moments during school period.

Plan to join your fellow students, with these three objectives:—

1. Return to school with your year's tuition paid in advance.
2. Save Dad from all financial responsibility in meeting your school obligations.
3. Make the best use of your vacation, by placing books that will win souls in the homes of the people.
